FOUNDATION

OF SAN JUAN ISLAND

IT'S YOUR COMMUNITY FOUNDATION

Where every dream matters.....and every gift counts.

Twenty years ago a Community Foundation was born.

It was a dedicated and visionary group of caring islanders who created the San Juan Island Community Foundation in July 1994. That founding board, comprised of Cathy Cavanagh, Bill Weissinger, Dan Selak, Verne Howard, Carol Marble and Rob McGregor, accepted the initial \$100,000 challenge grant from David and Catherine Eaton Skinner and set the stage for all that the Foundation was to be - and what it has since become.

In those 20 years the Foundation has:

- Helped to design & build our new hospital.
- Procured major funding for the School District when it experienced a critical budget shortfall.
- Helped over 60 local nonprofits -- like the Food Bank, Family Resource Center, EMT Association, Hospice of San Juan, etc. -- create and maintain critical community programs.
- Assisted hundreds of local donors in evaluating community projects and provide ongoing management of their gifts.
- Grown from its initial \$100,000 to over \$7,000,000 in philanthropic resources.
- Built a scholarship program with annual awards now exceeding \$140,000.
- Grown from annual grants of \$10,000 to over \$3,500,000.
- Built a legacy program that helps local citizens plan and manage their charitable estate gifts which have already topped \$5,000,000.

In the coming weeks and months you will be seeing a lot more of your Community Foundation - in the newspaper, on your computer, at the Farmer's Market, at the County Fair, at gatherings where we will be seeking your input on community needs and services. You will find us providing assistance to major community projects like Islands Museum of Art and the Animal Protection Society, raising ongoing financial support for Peace Island Medical Center... and we're always available to meet with you personally

(640 Mullis St. #104) or by phone (378-1001) or by email (info@sjicf.org). You can also find us on line at our website (sjicf.org).

Our goal is to make your Community Foundation a place where dreams matter, where we help create solutions, where supporters are matched with community needs and causes that matter - where the door is open to all. Please come see us.

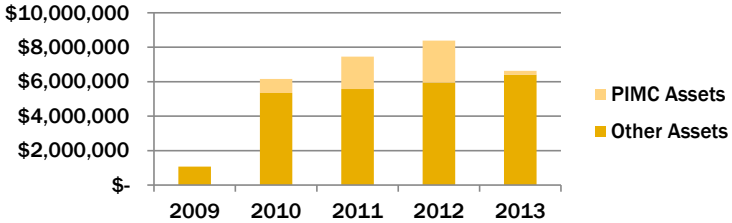

Susan Matthews, Executive Director

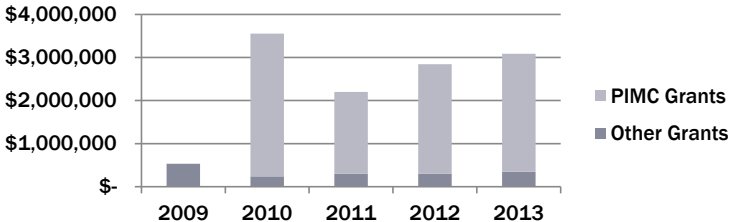

FIVE YEAR FINANCIAL GROWTH

For four years the financials of the Foundation have been skewed upward by its commitment to raise \$10M for the construction of Peace Island Medical Center. In 2013 the Foundation completed that commitment, but remains as the fundraising vehicle for ongoing needs at the medical center. In addition, we anticipate that future large projects will continue to impact our financial numbers in a positive way.

2013 Grants

In 2013 the Foundation gave more than \$3 million to projects that improve and enhance our island community. The largest grant was to PeaceHealth to complete the Foundation's \$10 million pledge to help build Peace Island Medical Center. Every organization that receives a grant is carefully vetted by the Foundation, and every organization that receives a grant is deeply appreciative of your support.

ISLANDS MUSEUM OF ART

The intriguing building taking shape on Spring Street will be a world class art museum, bringing exhibits to our island that are worthy of the finest urban museums. Art workshops and student shows will be offered. Your Community Foundation has partnered with IMA to help raise the funds needed to complete the project.

SPECIAL ANIMALS

The Animal Protection Society has purchased land and has architectural drawings ready for the construction of a new animal shelter. Unwanted and stray animals will be lovingly cared for at this facility. Your Community Foundation has partnered with APS to raise the money needed to complete the project.

SCHOLARSHIPS

In 2009 the Foundation received a generous endowment for scholarships for students attending traditional 4 year colleges. But the need for support for community college education, career training, and graduate school is huge. Your Community Foundation has set a goal of raising \$30, 000 per year to fund these students.
