We are all fortunate to live on a unique island full of natural beauty, a wonderful marine climate and a lifestyle that is the envy of many. We also know that living on our island can be challenging for some, but fortunately, we are also lucky to live among many generous neighbors and a wide array of professional non-profit organizations that are dedicated to enhancing the lives and lifestyle of all our island residents. Together, donors and nonprofits make a positive impact on San Juan Island every day.

The Community Foundation is a unique kind of non-profit organization, which contributes to the well-being of San Juan Islanders by supporting donors’ philanthropic interests, by providing financial and non-financial support to active non-profits and by making a special effort to understand and address the basic needs of our community. The Foundation could not do its work without the support from you and your neighbors. Thanks to you, we invested over $1.7 million in crucial programs and scholarships in 2017. Thank you for your generosity, support and commitment.

Philanthropy has taught us that you can give back in many ways. We have learned that education is critical and nothing replaces a human connection. Everyone can offer something, whether it be resources, connections, time, talents, abilities or money. There has never been a better time to be philanthropic.
Thank You, 2017 Donors!
