PARENTAL/GUARDIAN INFORMATION

If you are a high school senior or undergraduate student under the age of 24, are single, and have no children, you are considered a dependent student for financial aid purposes; parental/legal guardian information must be supplied by a dependent student. Financial information inclusive of income and assets is required for responsible parties, which for this application, can be parents, stepparents, and/or legal guardians. A dependent student should have a least one responsible party but could have more. For example, a student whose parents have divorced and both remarried would have four responsible parties.
